

Background and Aims of the Young Actuaries Initiative

Convention A Europe,
„The Actuary of the Future“
20th March, 2024, 12:30-2 PM
Samuel Cywie and Daniel Jung

Evolution of the Young Actuaries Initiative

April 2023:

Joint initiative
planned following a
bilateral meeting
between Institut des
actuares and DAV

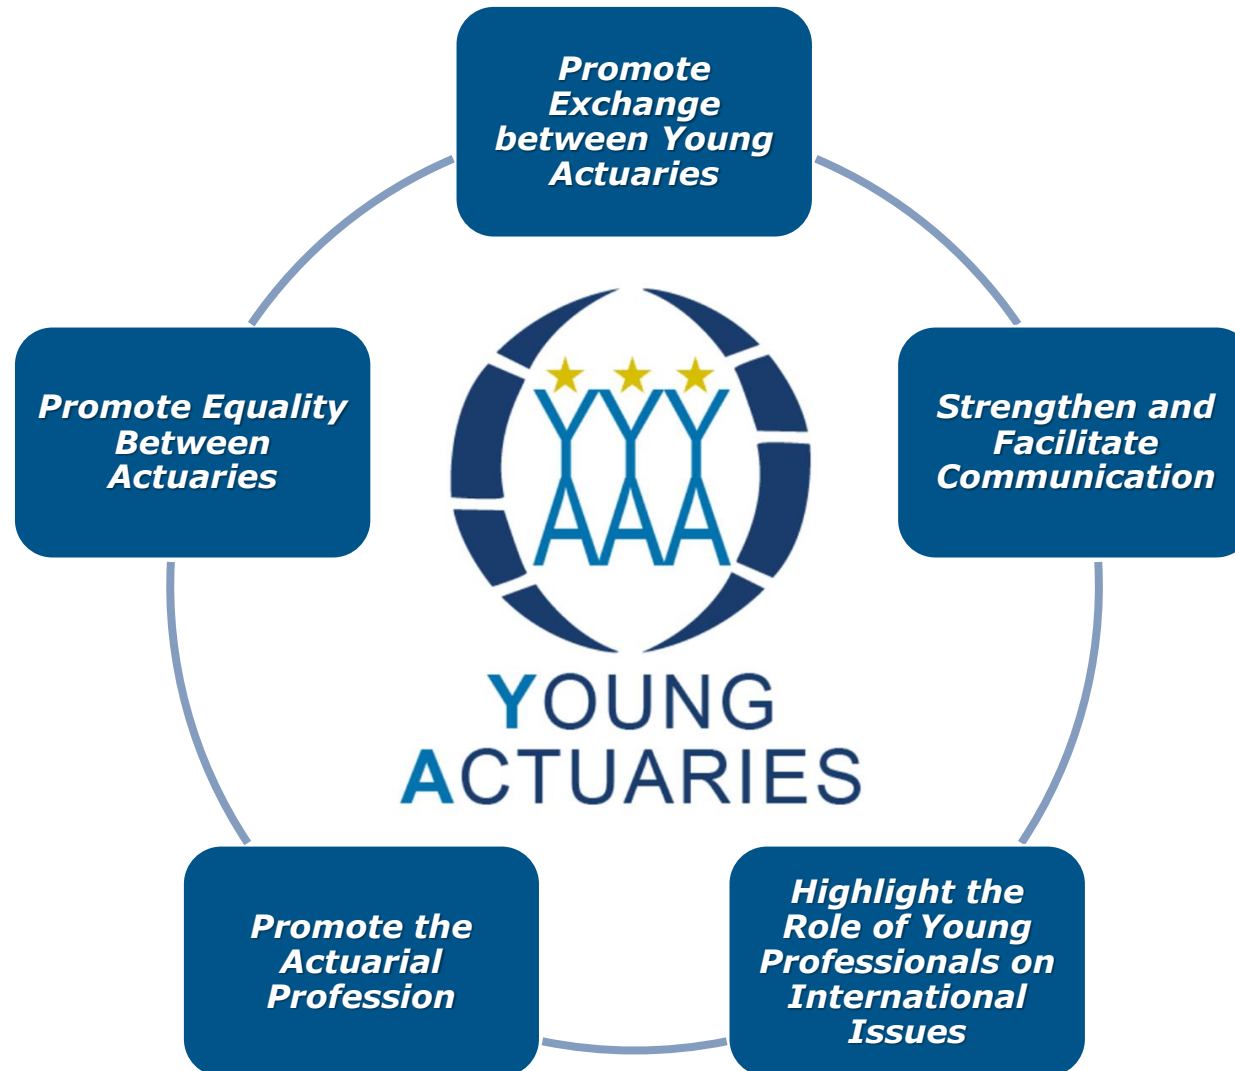

Over 2023:

Involvement of
young actuaries
entities and
concretization of the
common initiative

January 2024 on:

Kick-off of the
transnational
endeavour with
European perspective
and inaugural project

Aims of the Young Actuaries Initiative

1) Promote Exchange between Young Actuaries

*Encourage collaboration
and knowledge-sharing
among Europe's
young actuaries*

*Offer networking
opportunities, conferences,
and events where young
professionals can learn
from each other and
connect*

2) Strengthen and Facilitate Communication

*Enhance effective
communication channels
between European
young actuaries*

*Support open dialogue,
idea exchange, and
collaboration across
borders*

3) Highlight the Role of Young Professionals on International Issues

Advocate for active involvement of young actuaries from Europe in global discussions

Emphasize young actuaries contributions to complex challenges such as climate change and digitalization/AI

4) Promote the Actuarial Profession

Raise awareness about the actuarial field and its societal significance

Encourage European talents in mathematics to pursue a career in actuarial science

Showcase the profession's impact on risk management, insurance, and overall financial stability

5) Promote Equality Between Actuaries

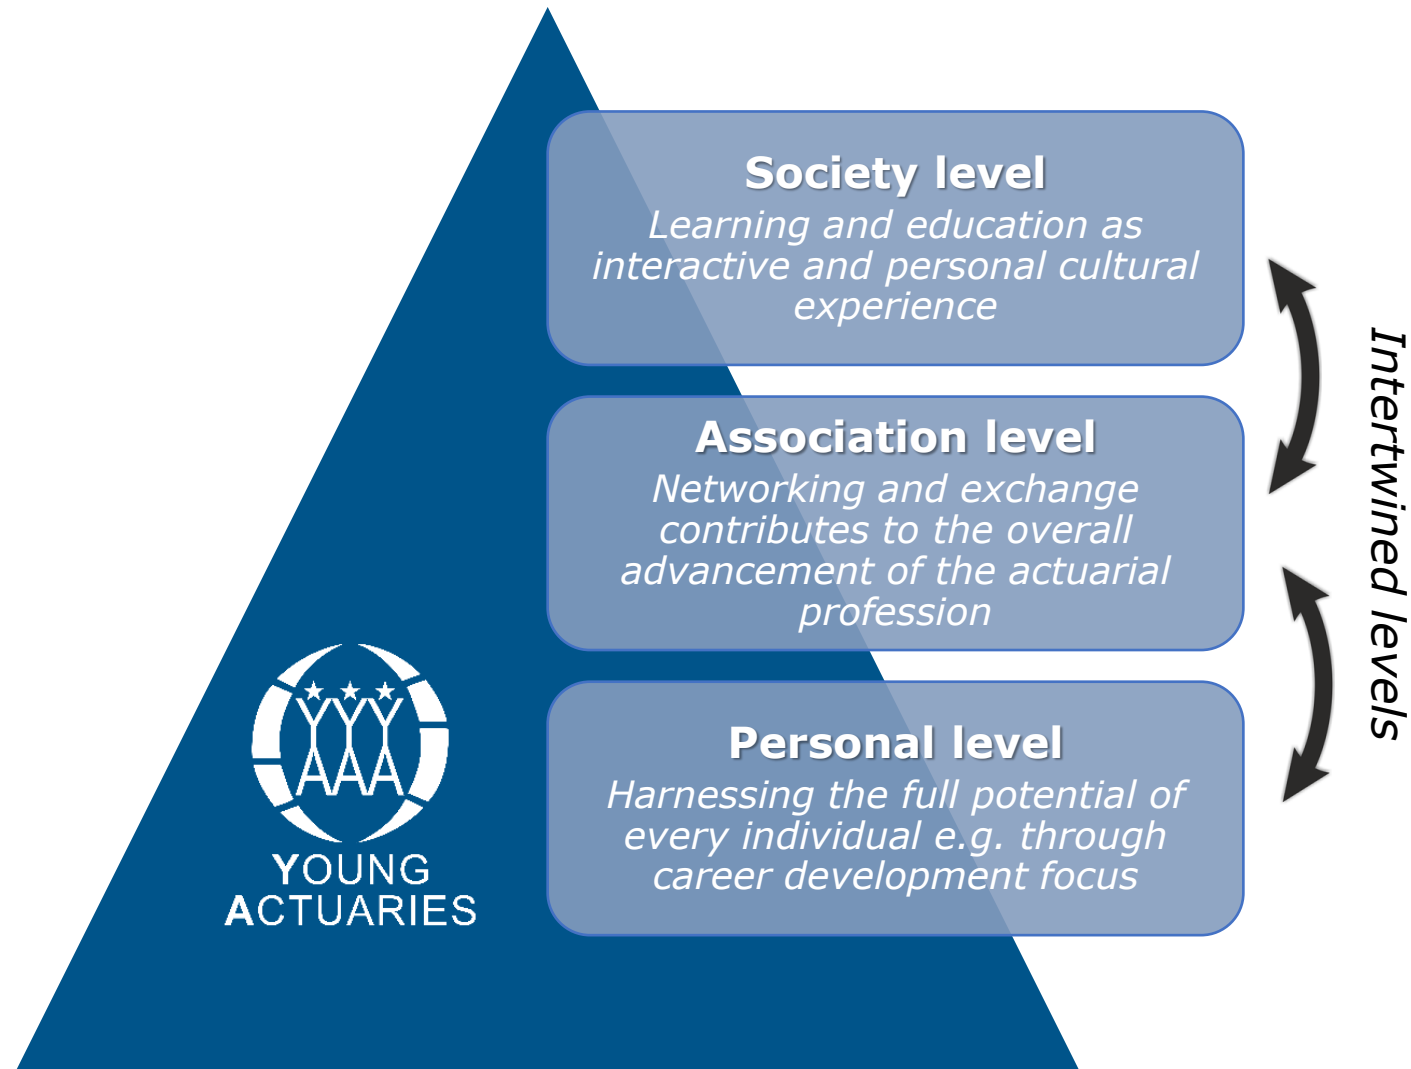

Strive for equal opportunities, representation, and recognition regardless of age, gender, or background

Advocate for diversity and inclusion within the European actuarial community

Purpose of the Young Actuaries Initiative
